W16	Mid 19th century cavalry sword with metal scabbard.	£110.24	£129.53

*This blade was designed for Leon Paul by Andrew Feest of the Sussex Rapier Society

Unless otherwise stated the complete weapons and individual blades are made from tempered carbon steel. Their use for period or re-enactment fencing is at the individuals own risk and Leon Paul cannot take responsibility for any accidents however caused. Period or re-enactment fencing with these items should only be done under strict supervision with the appropriate safety equipment including eye protection. To comply with the requirements of some groups the tip of the blades will need to be rounded to tip radius greater than 9.0 mm.
