

# Aluminium Sectional Piste

Invented by Leon Paul

We offer 2 styles of Piste. The standard and the Olympic style.

Each piste is composed of unique and interlocking sections a design invented by Barry Paul for the Atlanta Olympics in the USA. So we have 20 years of experience in manufacturing and sourcing the best fencing pistes.

**INTERLOCKING  
Connection system**

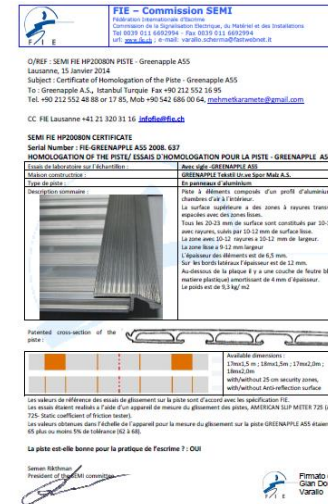

## STANDARD FENCING PISTES

- F.I.E. approved. 
- 100% Aluminum.
- Active rebound polyurethane layers to help fencers knees when placed on hard non sprung floors.
- Standard sections are 1 x 1,5 m, with a height of less than 1,5 cm
- Weight of a section in a standard piste starts from 15 kg
- Tactile base to prevent noise on hard surfaces and to floor from scratches.
- Pistes come standardly with 6 lines marked with highly conductive chromate coating
